Amendment of the Commission's Rules	)	PR Docket No. 92-257
Concerning Maritime Communications	)	
	)	
Petition for Rule Making filed by	)	RM-9664
Regionet Wireless License, LLC	)	

ERRATUM

Released: June 4, 2004

By the Chief, Public Safety and Critical Infrastructure Division, Wireless Telecommunications Bureau:

1. On April 8, 2002, the Commission released a *Second Memorandum Opinion and Order and Fifth Report and Order (Fifth Report and Order)* in the above-captioned proceeding.¹ In the *Fifth Report and Order*, the Commission determined that unassigned Automated Maritime Telecommunications System (AMTS) spectrum would be made available for licensing throughout the United States by ten Automated Maritime Telecommunications System Areas (AMTSAs).² Each AMTSA consists of one or more of the 174 Economic Areas (EAs) or EA-like areas in International Telecommunication Region 2—*i.e.*, the 172 EAs specified by the Department of Commerce and the Commission-created EA-like areas for Puerto Rico and the United States Virgin Islands (EA 174) and the Gulf of Mexico (EA 176). However, neither the text of the *Fifth Report and Order* nor Section 80.385(a)(3) of the Commission's Rules, as set forth in Appendix C of the *Fifth Report and Order*, included a reference to the perimeter of EA 176.

2. In view of the foregoing, Section 80.385(a)(3) of the Commission's Rules, as set forth in Appendix C of the *Fifth Report and Order* is hereby corrected to read as follows to conform to the Commission's intention. We also take this opportunity to correct a typographical error in the table in Section 80.385(a)(2) of the Commission's Rules that occurred when the *Fifth Report and Order* was published in the Federal Register:

§ 80.385 Frequencies for automated systems.

¹ See Amendment of the Commission's Rules Concerning Maritime Communications, *Second Memorandum Opinion and Order and Fifth Report and Order*, PR Docket No. 92-257, 17 FCC Rcd 6685 (2002), *recon. granted in part and denied in part*, *Third Memorandum Opinion and Order*, 18 FCC Rcd 24391 (2003).

² *Id.* at 6698 ¶ 28; *see also* 47 C.F.R. § 80.385(a)(3).

(1) * * *

(2) The following carrier frequencies are available for assignment to public coast stations for public correspondence communications with ship stations and units on land. AMTS operations must not cause harmful interference to the U.S. Navy SPASUR system which operates in the band 216.880-217.080 MHz.

¹ Ship transmit frequencies in Groups C and D are not authorized for AMTS use.

² Coast station operation on frequencies in Groups C and D are not currently assignable and are shared on a secondary basis with the Low Power Radio Service in part 95 of this chapter. Frequencies in the band 216.750-217.000 MHz band are available for low power point-to-point network control communications by AMTS coast stations under the Low Power Radio Service (LPRS). LPRS operations are subject to the conditions that no harmful interference is caused to the United States Navy's SPASUR radar system (216.88-217.08 MHz) or to TV reception within the Grade B contour of any TV channel 13 station or within the 68 dBu predicted contour of any low power TV or TV translator station operating on channel 13.

³ Ship transmit frequencies in Groups A and B are permitted to provide mobile-to-mobile communications where the written consent of all affected licensees is obtained.

* * *

(3) As listed in the table in this paragraph, AMTS Areas (AMTSAs) are based on, and composed of one or more of, the U.S Department of Commerce's 172 Economic Areas (EAs). See 60 FR 13114 (March 10, 1995). In addition, the Commission shall treat Puerto Rico, the United States Virgin Islands, and the Gulf of Mexico as EA-like areas. The Gulf of Mexico EA extends from 12 nautical miles off the United States Gulf coast outward into the Gulf. See Section 27.6(a)(2) of this chapter and 62 FR 9636. Maps of the EAs and AMTSAs are available for public inspection and copying at the Federal Communications Commission, Reference Center, 445 12th Street, S.W., Room CY-A257, Washington, D.C. 20554. These maps and data are also available on the FCC website at www.fcc.gov/oet/info/maps/areas/. The Group A and B frequency pairs listed in the table in paragraph (a)(2) of this section are available for assignment to a single licensee in each of the AMTSAs listed in the table in this paragraph. In addition to the listed EAs listed in the table in this paragraph, each AMTSA also includes the adjacent waters under the jurisdiction of the United States.

AMTS areas (AMTSAs)

AMTSAs	EAs
1 (Northern Atlantic)	1-5, 10 9, 11-23, 25, 42, 46
2 (Mid-Atlantic)	24, 26-34, 37, 38, 40, 41, 174
3 (Southern Atlantic)	35, 36, 39, 43-45, 47-53, 67-107, 113, 116-120, 122-125, 127, 130-134, 176
4 (Mississippi)	6-8, 54-66, 108, 109

	River)	160-165
5	(Great Lakes)	147, 166-170
6	(Southern Pacific)	172
		171
7	(Northern Pacific)	110-112, 114-115, 121, 126, 128, 129, 135-146, 148-159
8	(Hawaii)	
9	(Alaska)	
10	(Mountain)
